In re: Discussion and possible vote at the December 14, 2011 Business and Executive Session, Proposed General Order regarding the superseding of General Order dated October 11, 2010 and further supplementing General Order dated May 30, 2008 and General Order dated June 30, 1974, pertaining to Common and Contract Carriers of Passengers and Dispatch Taxicab Carriers under the jurisdiction of the LPSC, establishing rules, standards and registration for vehicles and their operators and further to adopt a Proposed Passengers Bill of Rights.

*(Supersedes General Order dated October 11, 2010 and
Amends General Order, Dated June 30, 1974 and May 30, 2008)*

Purpose

The Louisiana Public Service Commission ("LPSC" or "Commission") initiated this Rulemaking to consider an amendment to General Order dated October 11, 2010, General Order dated May 30, 2008 and General Order dated June 30, 1974, pertaining to Common and Contract Carriers of Passengers and Dispatch Taxicab Carriers under the jurisdiction of the Commission, to establish rules, standards and registration procedures for vehicles and their Operators/Drivers. The Rulemaking and resulting General Order also provides for a Passengers Bill of Rights and fines and penalties for the failure to comply with this General Order.

Jurisdiction

The Rulemaking was established pursuant to the following Constitutional and Legislative authority:
Article IV, Section 21 (B) of the Louisiana constitution provides that:

The [public service] commission shall regulate all common carriers and public utilities and have such other regulatory authority as provided by law. It shall adopt and enforce reasonable rules, regulations, and procedures necessary for the discharge of its duties, and shall have other powers and perform other duties as provided by law.

La. R.S. 45:163 provides that:

A. The [public service] commission has the power and authority necessary to supervise, govern, regulate and control common motor carriers, other than a contract carrier by bus, which transport household goods, passengers, or waste and to fix reasonable and just rates, fares, tolls, or charges for the commodities furnished or services rendered by such motor carriers. The commission shall prescribe rules and regulations governing the operation of contract carriers in competition with common carriers, and prescribe minimum rates, fares and charges to be collected by such carriers.

B. The power, authority, and duties of the commission shall include all matters connected with the service to be given or rendered, the records to be kept by motor carriers, and except as otherwise provided, the power to adopt and enforce such reasonable rules, regulations, and modes of procedure as it may deem proper for the discharge of its duties, to summon and compel the attendance of witnesses, to swear witnesses, to compel the production of books and papers, to take testimony under commission and punish for contempt as fully as is provided for by law by the district courts, and to prescribe and require the furnishing and filing of tariffs and schedules.

C.(1) The commission shall be charged with the duty of policing and enforcing the provisions of R.S. 45:161 through R.S. 45:178. Its duly appointed officers shall have authority to make arrest for violations of any of the provisions of R.S. 45:161 through 45:178, orders, decisions, rules and regulations of the commission, or any part or portion thereof, and to serve any notice, order or subpoena issued by any court, the commission, its secretary or any employee authorized to issue same, and to this end shall have full authority throughout the state.

(2) Such officers upon reasonable belief that any motor vehicle is being operated in violation of any provisions of R.S. 45:161 through R.S. 45:178, shall be authorized to require the driver thereof to stop and exhibit the registration certificate issued for such vehicle, to submit to such officers for inspection any and all bills of lading, waybills, invoices or other evidences of the character of the lading being transported in such vehicle and to permit such officer to inspect the contents of such vehicle for the purpose of comparing same with bills of lading, waybills, invoices or other evidence of ownership or of transportation for compensation.

LA RS 45:166 provides that:

A. Any certificate or permit may, in the discretion of the commission, be amended, suspended or revoked in whole or in part after notice and hearing for failure to comply with any provision of R.S. 45:161 through 45:172, or with any lawful order, rule or regulation of the commission promulgated pursuant thereto, or with any term, condition or limitation of the certificate or permit.

LA RS 45:167 provides that:

There shall be displayed upon every vehicle operated intrastate under the authority of R.S. 45:161 through 172 the name and address of the operator and his certificate or permit number in such a manner as to be plainly discernible.

LA RS 45:170 provides that:

A. A vehicle may be impounded by an employee of the commission in the course of and as part of a highway inspection if:

(1) The vehicle is involved in a current infraction and the offending person cannot post the appropriate appearance bond before the close of the working day;

Background

Staff was directed by the Commission at the September 7, 2011, Business and Executive Session to open a rulemaking regarding Common and Contract Carriers of Passengers and Dispatch Taxicab Carriers subject to the jurisdiction of the LPSC. Staff was directed to review existing General Orders and formulate carrier, vehicle and

operator/driver rules and standards designed to protect owners, operators, and passengers of these LPSC regulated services. The goal of the LPSC is to ensure that anyone who chooses to utilize the services of LPSC regulated Common and Contract Carriers of Passengers and Dispatch Taxicab Carriers will be guaranteed safe, efficient, and reliable transportation at a fair price. Accordingly, these rules, standards and registration requirements shall apply to all Passenger Carriers excluding those carriers operating as a charter bus service pursuant to LPSC General Order dated April 21, 1999 and La. R.S. 45:162 (7).

This General Order requires all Common and Contract Carriers of Passengers and Dispatch Taxicab Carriers subject to LPSC jurisdiction to register and obtain operating authority from the Commission, provide documentary proof of established minimum limits of liability insurance coverage, maintain a tariff of rates on file with the Commission, register the vehicles used in regulated transportation and to register the Operators/Drivers of those vehicles. The General Order provides vehicle and operator/driver standards and prohibits the operation of said vehicles by operators/drivers who are not registered with the Commission. The General Order also provides for fines and penalties for failing to comply with its provisions.

As a result of this General Order, any individuals who utilize LPSC regulated Common and Contract Carriers of Passengers and Dispatch Taxicab Carriers will be assured safe, efficient, and reliable transportation at a just rate. In order to guarantee these protections, this General Order implements a Passengers Bill of Rights.

This Proposed Order was published in the Commission's November 10, 2011 Bulletin. The deadline for filing interventions and specific comments is November 28, 2011. A Technical Conference has been scheduled for December 1, 2011.
